

FIND AND SUPPORT THOSE WHO
ARE EARLY CHAMPIONS AND
BELIEVE IN CFE.

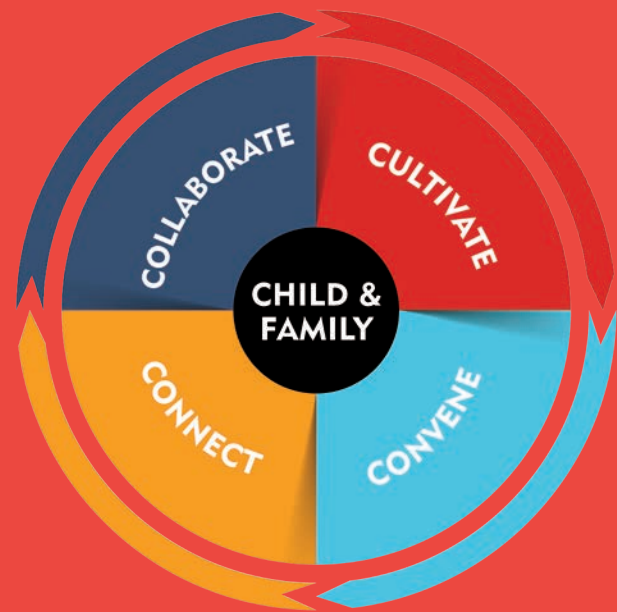

They are key in
gaining buy-in
from others and
driving the work
forward.

CFE TOOLS AND ACTIVITIES
AREN'T JUST FOR KIDS!

They can and should be done with
children, youth, parents, and family
members.

TOP 10
LESSONS
LEARNED
FROM 10
YEARS OF CFE

THE 4CS AND CORE
VALUES OF CFE ARE
UNIVERSAL AND
GUIDE THE WORK
NO MATTER WHERE
YOU ARE.

CFE practices may look
different across Texas.

BUILDING STRONGER
CONNECTIONS.

There are many ways to engage
families, and all approaches can work
together to support the family.

CONNECTIONS
TRANSCEND DISTANCE.

There are many ways for family
to offer connection and support
across distance. Love does not
require close proximity.

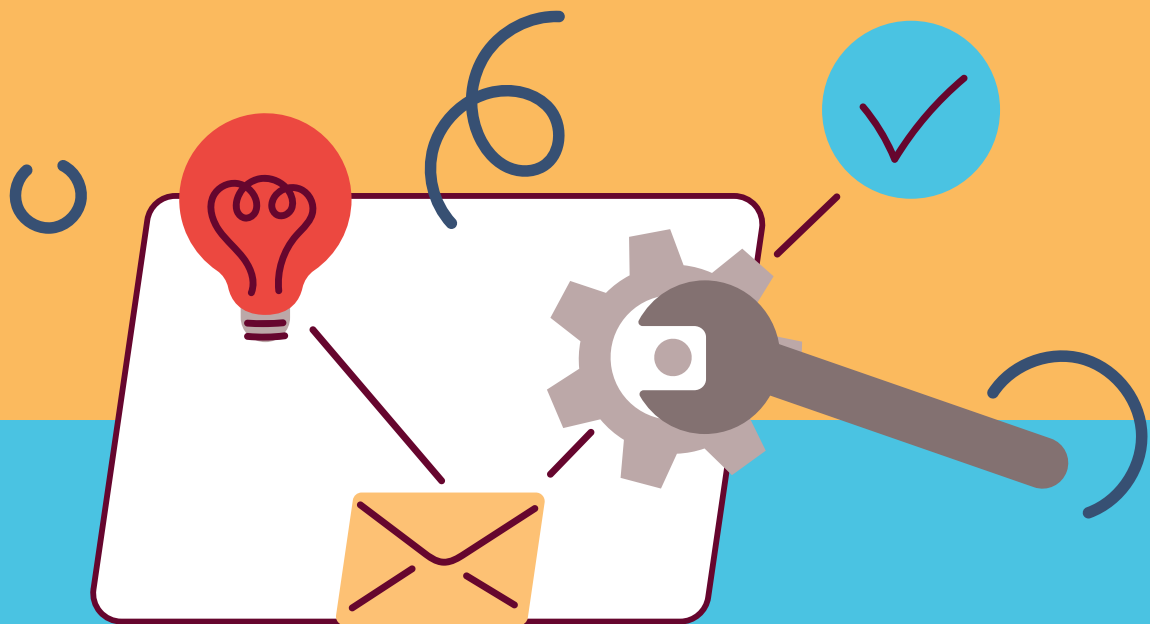

FAMILY MEETINGS ARE AT THE
HEART OF CFE.

They can happen outside of the CPS/SSCC
timeline, and CFE ensures that more people
attend, offering more support for both the
child and the parents.

TRAINING IS ONGOING, BUT THE BEST WAY
TO LEARN CFE IS TO DIVE IN.

Give the tools a try and make them your own to really
understand how they work.

DOCUMENTING CFE
ACTIVITIES IS CRUCIAL AND
IMPORTANT FOR THE
SUCCESS OF THE PROCESS.

The more CFE activities a child and
family receive the more likely they are
to have better outcomes.

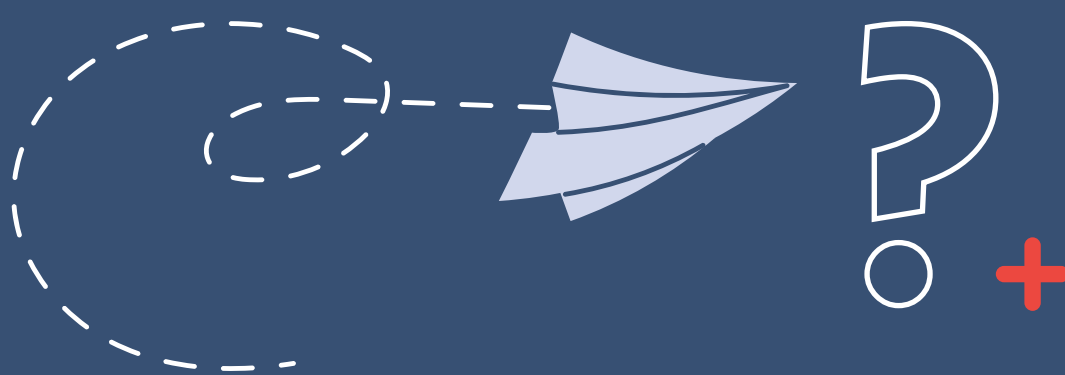

CFE SUCCESS COMES IN MANY FORMS.

Whether it's big, like reunification or finding relatives, or
smaller, like building trust or learning new information, every
success is valuable and worth celebrating and sharing.

WHICH CHILD DESERVES TO BE CONNECTED?

All children! Every child and family deserved a
lifetime network of support and connections.
